

# Vortex Duster

1697

Techspray air dusters blow away dust, microscopic contaminants, lint, metallic oxide deposits and other soils that can damage sensitive electronics. When these contaminants get in the way of vents or fans within the device, they create a build up which leads to overheating and/or shortages.

Properly cleaning your electronics on a regular basis keeps your systems cool and working optimally, extending the life of the product. If you begin to notice your fans are becoming increasingly loud, or your systems are not running as efficiently, it may be time to treat them.

Choose the gas duster best suited for your application.

**High velocity, 100% HFC-134a duster**  
**This 100% Tetrafluoroethane spray dispenses from any angle without liquid spill and easily blasts unwanted particles from even the most difficult to reach areas. Even safe to use on plastics!**

High velocity, nonflammable dusters blast away dust and dirt. Vortex 360° (1697-8S) can be sprayed while tilted in any direction without dispensing liquid.

- 100% pure HFC-134a
- Non-flammable
- Non-ozone depleting
- Moisture free
- Zero residue
- Safe on plastics
- VOC exempt
- Velocity 14.6 m/s
- Vortex 360° sprays upside-down

## Product Packaging

**1697-8S**  
**Vortex 360 Duster**  
 8 oz  
 12 units/case

**1697-10S**  
**Vortex Duster**  
 10 oz  
 12 units/case
