

UPGRADED DRAWER UNIT 45 SELECTION

In order to promote usability, a key element of an ergonomic product, Treston will concentrate now only for the 100% opening drawers in Drawer unit 45 selection.

During October 2018 we will gradually discontinue the models with 75% opening drawers as we have seen a continuous demand of highly ergonomic products. The sales of the fully opening drawer unit models have increased clearly during the recent years.

In addition, the new drawer interior divider sets can now be fully used for functional and organized storage space.
