

6. Drawer units

Versatile drawer units

We provide a comprehensive range of different drawer units for a variety of purposes. You can fix any drawer unit from the same series under a worktop or on a plinth, or equip them with castors to take along to your next workstation.

Efficient storage and control

Our drawer units are great for storing tools and supplies. It is surprising how much time is spent finding tools and other items if they are not stored systematically. The versatile interior combinations of our drawer units guarantee that your supplies are always at hand and in good order.

A comprehensive range of drawer units

We promise that you will find a drawer unit that meets your requirements in our comprehensive range. You can choose from several different heights and drawer and interior combinations. We have selected some combinations for this brochure. For more options, please contact: sales@treston.com.

Light steel cabinet LMC

These steel cabinets are an ideal way of providing individual secure storage for your staff. Drawers are mounted on telescopic ball race slides. Four cabinet sizes, including one drawer/cupboard combination. The cabinet frames are epoxy powder coated steel; drawer fronts are composite board with aluminium handles. Colour light grey, RAL 7035. Mount on benches with brackets (included).

Suitable for WB/TP/TPB workbenches and SAP/WTR trolleys

Light steel cabinet, load capacity 15 kg/drawer, 70 % opening

Drawer units 30 and 35

These drawer units are fastened under a workbench to provide storage space. Choose from single drawer, two drawers or drawer cabinet. If additional drawers are needed, they can be easily attached to each other. The drawers can be locked to protect the contents.

Drawer cabinet 35/47 is suitable for storing upright folders.

Not adapted to Concept handcrank and motor adjustable bench (depth 600 mm).

Drawer unit 30/22 is also available with a secure and up-to-date electronic code lock.

This electronic locking system replaces keys with a numerical code. The code is easy to change when needed, for example, for a different user and thus this drawer unit is an excellent choice when high convenience and confidentiality are needed.

The locking system is operated with 2 x AAA batteries and is thus independent from an external power supply. Due to an automatic low power (sleep) mode, the batteries last long, and even when the battery power is low, the lock can still be opened 300 more times.

Drawer unit 30/22 with electronic code lock, order code 720010-49.

Drawer unit 45

Centrally locked high quality steel drawer units for storage of tools and small components. Mounted under workbenches with brackets. Also available with castors as a trolley version. Drawer units are epoxy powder coated in grey, RAL 7035. Central locking. Full width drawer handle in anodised aluminium. Smooth and quiet telescopic ball-race runners

with 100 % opening of the drawers. Load-bearing capacity is 60 kg per drawer. Our drawer units are suitable for use in EPAs. The mobile trolleys are available in both ESD and non-ESD versions. New drawer divider sets are available for functional and organized storage space (p. 129).

Drawer units 45/14 and 45/26

Drawer units with castors are also available as non ESD-versions (code 41 instead of 49).

Drawer unit 55

With these heavy-duty drawer units you can optimise your storage and keep all your items perfectly organised. The safety locking prevents other drawers from opening while one drawer is open (always lock the drawers during transport). You can choose the best option from three heights to meet your needs, or add height or width with different drawer unit combinations.

The units with plinth can also be used workbench legs and the smaller drawers are easily fastened under a work-

bench. The 66-cm-high drawer unit includes optional castors, making it an excellent choice for a mobile workstation. The unit with castors comes with a rubber mat that stops items from sliding on the surface. The version with doors is ideal for storing larger items. The 50 mm high drawer is fully opening with a load capacity of 40 kg. The other drawers open 85% with a load capacity of 80 kg.

Configure your drawer

- Select the drawer unit frame (standard, with base or with castors)
- Select the drawer units for the frame

The maximum load capacity of 85% opening drawers is 80 kg!

Choose the drawer unit according to your needs; with castors, base or no base.

Trolley model: load capacity 300 kg, 2 fixed castors, 2 swivel castors with brakes (ø 100 mm).

Always remember
to lock the
drawer unit
during transport!

Drawer unit 71

Less than 50 cm deep, this drawer unit is ideal for use in narrow spaces, such as in vehicles. The units come with a rubber mat that stops items from sliding on the surface. The drawers have ball bearing runners and safety locking which prevents other drawers from opening while one drawer is open.

This same drawer unit is used in the service trolley with castors p. 48. The drawers are opening 90% and their load capacity is 50 kg.

+

For additional divider parts see page 196.

Drawer units 70, 90 and 130

You can fit an amazing number of things in these spacious drawer units. Choose the one that best meets your needs from two heights: 110 and 140 cm. The 110-cm-high drawer units include a cover that doubles as a worktop with a rubber mat.

The safety locking prevents other drawers from opening while one drawer is open. The drawer unit can be moved with a pallet truck or a forklift when the base front plate has been removed. The drawers are fully opening and their load capacity is up to 200 kg.

All the drawers are fully opening, also available with a load capacity of up to 200 kg!

The drawer units 70, 90 and 130 all have fully opening drawers. The load capacity of the standard drawers is 75 kg, but all the drawer units are available with drawers that have **a load capacity of 200 kg!**

The drawer units with the load capacity of 200 kg are indicated by a product code having an H in the end (e.g. 613 07 001 H).

Drawer unit 70

Drawers open
100% and their
load capacity is
75 kg or 200 kg.

The drawer units 70, 90 and 130 can be moved with a pallet truck or a forklift when the base front plate has been removed.
